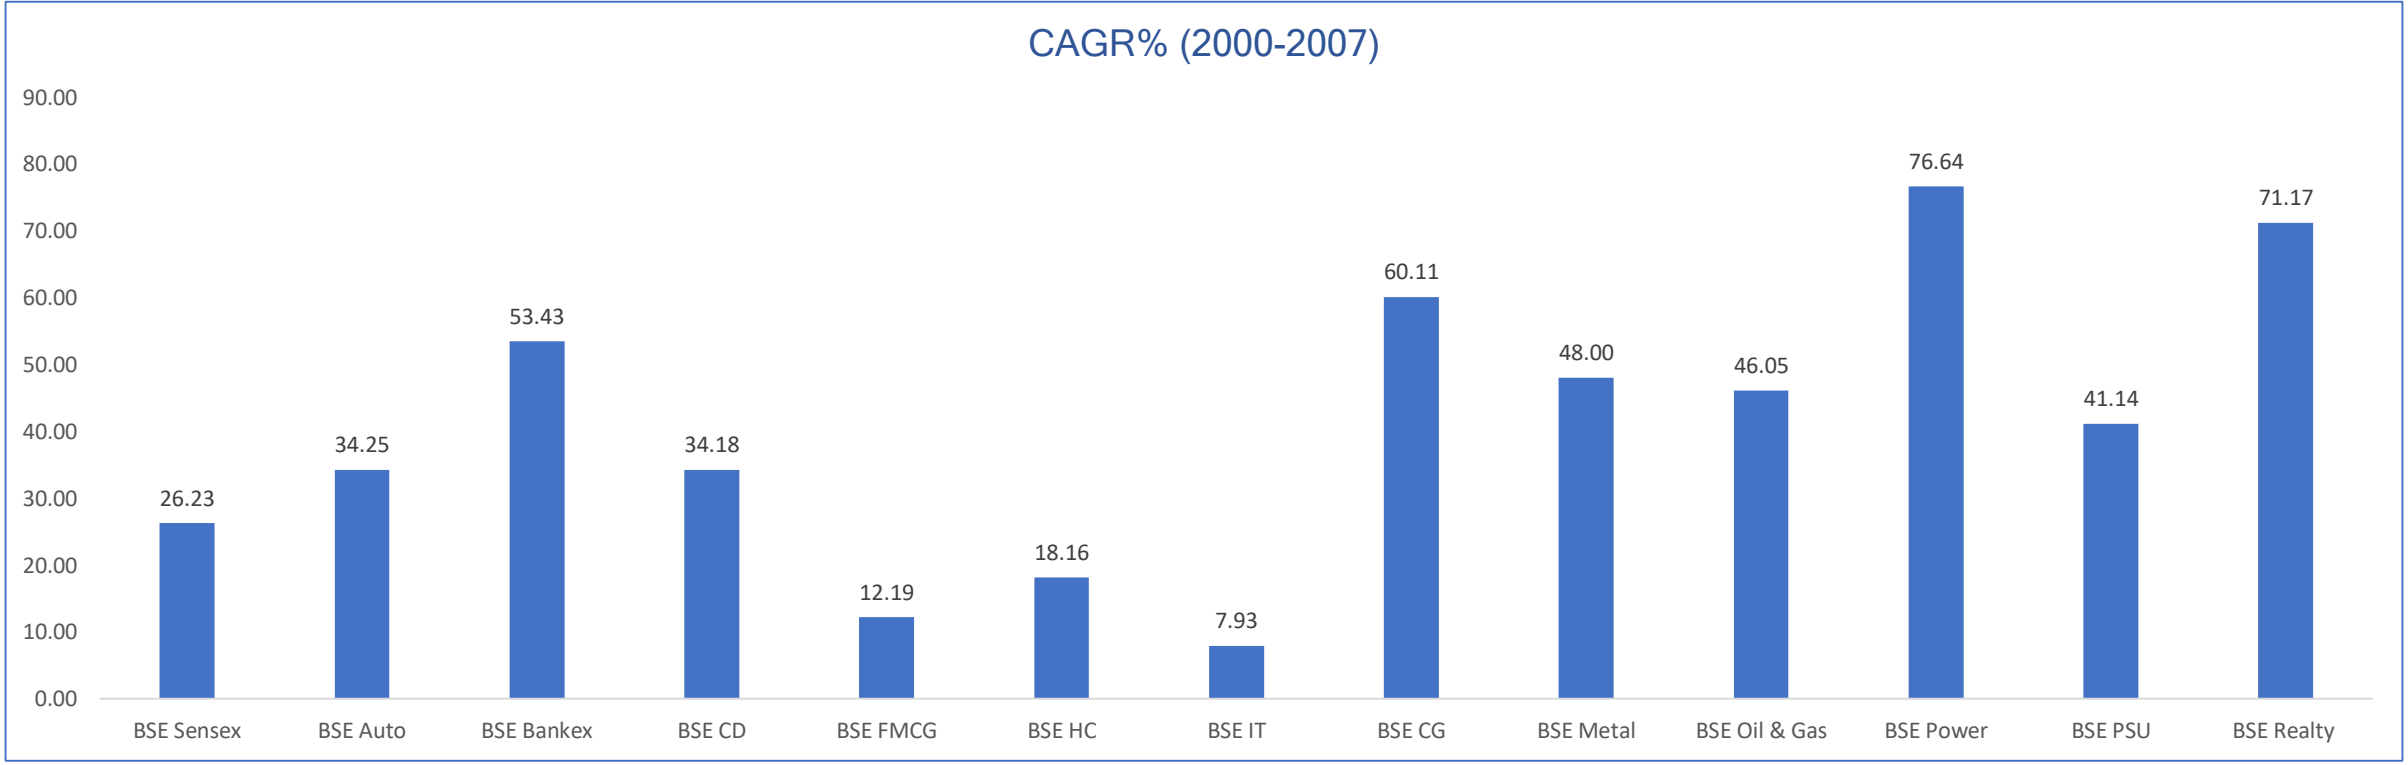
CONCLUSION

Cyclical sectors such as Metal, Power, Real Estate, Capital Goods, Banking and Oil & Gas perform better than others.



Current Indian Economy- FY22 Glance

India's Inflation projected to reach 6.7 percent in FY22, with rising commodity prices globally.

India's GDP grows 7.5% in FY22: Highest in 22 years.

US-led interest rate hike, raised to 4.90 percent and withdrawal of emergency stimulus.

FII holdings in the NSE 500 fell to 18.9% till now, which has reached long term avg of 18% with $32 billion in outflows.

Fiscal deficit improves to 6.7% in FY22 on account of higher tax realization.

Indian rupee hit a fresh record low of Rs 78 against US dollar.

Crude oil prices skyrocketed as Brent touched a high of $129per barrel & it is expected to cool down in coming months

the RBI increased its monetary policy repo rate by 90bp to 4.9%, and the bank rate increased to 5-6% as a result.
